13. ITEMS FOR DISCUSSION

13.1 SELPA East River Consortium

Superintendent Hassay shared plans by Tehama County SELPA to open a new SDC (Special Day Class) class that will be opened next year in Los Molinos to serve Tehama County Students East of the Sacramento River. Antelope SCD students currently attend classes operated by Red Bluff Elementary School District. Because it has become increasingly more difficult to obtain a space for Antelope students in the Red Bluff Elementary SDC Program, a new class will be opened this fall in Los Molinos. The East River Consortium will serve Antelope, Lassen Veiw, and Los Molinos Students.

13.2 Antelope/Lassen View CDS Proposal

Superintendent Hassay led a discussion on the possibility of sharing CDS costs with Lassen View. Lassen View would like to obtain space in the Antelope CDS by paying a flat fee for 2 seats. This fee would be paid regardless if the seats are filled and the Antelope District would also keep the ADA generated. There were concerns brought up because of the relocation of the Antelope CDS to a smaller building. The new classroom is going to be renovated but size is still a concern by the Board.

13.3 Manton Food Service Program

Due to the concerns that were expressed during the April meeting regarding Manton serving food items having expired dates, there will be some changes made to the food inventory at Manton. Callie Barber, the Antelope District Cafeteria Manager, has set up a system of checks and balance. On her weekly

visits to Manton she will rotate the food items being stored on the Manton site. Callie will be bringing items back to Antelope that are nearing their expirations dates so that they can be utilized prior to their expiration.
